

Week beginning Monday 23rd January 2023

Window on the week

Your child can bring in props for their Scottish poem which will be judged on Thursday.

Encourage your child to use fractions when they are preparing their snacks – cutting fruit into quarters, toast into eighths etc.

Literacy

P1 sounds this week are **y** and **qu**. The P2's will be focusing on **ea** and **ee** words. Please continue to practice your keyring words for homework.

Numeracy

We continue to use our number bonds to help us with problem solving within 10 and above. We will continue with our fraction work. We have created a pizza role play café in the classroom.

Other

We are learning about our local environment and will go on a walk through the village, looking at where we live, street names and services in Auchenblae. Please continue to learn your Scots poems at home ready for judging on Thursday 26th January.
